

SN. 10/017,271

ATTORNEY DOCKET NO. LPIX:001

Remarks

Applicants would like to thank the examiner for the interview granted to applicants' attorney. In accordance with the agreement reached during the interview, claim 1 has been amended to clarify that the dynamic imaging server is connectable to a local storage device that is coupled to a synchronization engine, wherein the synchronization engine synchronizes the transfer of files from remote sources to the local storage device, claim 3 has also been amended to clarify that the claimed system includes a synchronization engine coupled to the storage device that synchronizes the transfer of files from other sources to the local storage device, and claim 13 has been amended to clarify the structures of the master cluster and slave cluster devices. The examiner further indicated during the interview that applicants' proposed amendment to claim 8 would place claim 8 in condition for allowance.

In view of the above, all of the claims in this case are now believed to be in condition for allowance, notice of which is respectfully urged.

Respectfully submitted,

ROSSI, KIMMS & McDOWELL LLP
